

AUGUST 2019 | VOL. 1 ISSUE 7

URBAN CITY MAGAZINE NEWSLETTER

The time has come again for the Annual Back 2 School Bash. Since the program's inception, we have fostered a relationship with the Des Moines Area school children, community organizations and local corporations in efforts to promote educational development and community involvement. We have provided free

backpacks and school supplies to over 10,000 children and provided their families with community resources for health and wellness.

This year, the Back 2 School Bash will be held at the John R. Grubb YMCA 1611 11th Street on Sunday, August 18, 2019 from 2:00-5:00pm. We will be giving out backpacks with school supplies for K-12 students, offer free hair-cuts, raffle prizes, host a talent show and facilitate sports clinics; all of which are free of charge to participants. Parents are required to attend with their children and are encouraged to visit the informational vendor booths to connect with the various community partners and sponsors that will join us for the day.

If you are interested in volunteering or making a donation, please visit www.back2schooliowa.org for more information

Get Your Buying Power Back

by Vyna Gene

Credit is part of your financial buying power. Working to improve your credit helps to ensure you'll qualify for loans when you need them. Having good credit increases your chances of being approved to purchase a house, a car, or even open your own business.

Here are five things you can do and increase your credit score over the next 30-45 days.

Disclaimer: Remember, every credit report is different and results will vary.

1. Get negative, erroneous or inaccurate information removed from your credit report.
2. Pay down credit card balance is below 30%.
3. Add your rental history to your credit report.
4. Open a secured credit card.
5. Pay your bills on time.

What we do is not magic, illegal, immoral, or a scam we simply leverage the Fair Credit Reporting Act. There are so many unverifiable, inaccurate, obsolete, and erroneous items on credit reports that when we take the time to dispute them, we are able to get them removed in turn increasing your credit score...ta da!!! The secret is out...that's how we help families gain their buying power back.
